

For research use only

ISO9001

cDNA Synthesis Primer

Product	Qty	Cat. No.	Remarks
Random Hexamer	50 μ l	EBT-1522	100pmol/ μ l in TE
Oligo d(T) ₁₅	50 μ l	EBT-1523	100pmol/ μ l in TE

Elpis Biotech's cDNA Synthesis primers (Random hexamer and Oligo d(T)₁₅) are suitable for Synthesis of cDNA.

Recommended Storage Condition

◆ Store at -20℃.

Caution

Not for diagnostic use. The safety and efficacy of this product in diagnostic or other clinical uses has not been established.
